

Avid Impex Private Limited

25 YEARS OF TRUST & COMMITMENT

Importer, trader, distributors & sole concessionaires of an exclusive range of hydraulic products, well known for timely delivery & prompt response.

www.avidimpex.net

Our suppliers are world leaders & renowned in the market for manufacturing high grade quality products in their respective domains & specialise in niche applications.

MINING

LUB PUMP

For cone crushers.

FAN DRIVE GEAR MOTOR

For hydrostatic fan control in mining equipments.

F20 & F30 CI HYDRAULIC PUMPS

For underground mining equipments @ FRHF fluids.

RADIAL PISTON HYDROMOTOR

For continuous miner (road header).

HYDROMOTOR

For push pull winch on drilling machines.

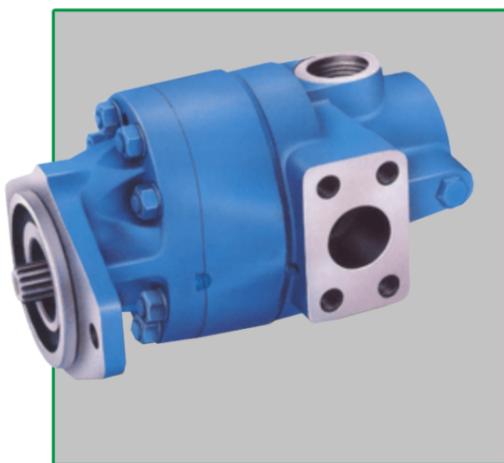

AXIAL PISTON PUMP

For main swing and fan applications in mining excavators / shovels.

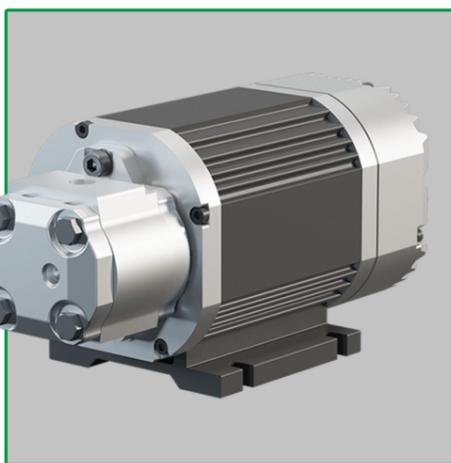

CONSTRUCTION & EARTH MOVING

F20 & F30 LS GEAR PUMP

With load sensing feature offering

- Lower fuel consumption
- lower input power & reliability etc for motor grader application

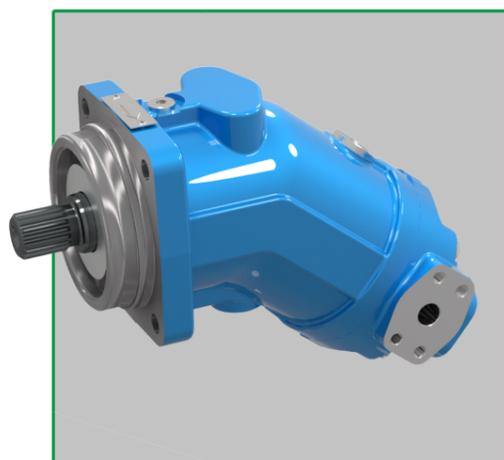

ELECTRO HYDRAULIC STEERING SYSTEMS

For steering applications replacing the conventional engine driven pump and eliminating the associated parasitic losses.

RADIAL PISTON WHEEL HYDROMOTOR

For mobile crane winches with brake controls.

SH11 (A2FM eqv) BENT AXIS FIXED/VARIABLE DISPLACEMENT MOTORS

For use in concrete mixers.

HYDRAULIC POWER UNITS

For

- Tilt of hood / cabin
- Supplementary steering / braking.

CI & ALUMINIUM TANDEM PUMPS

For main hydraulics & steering applications in backhoes, loaders etc.

MHE & TRAILERS

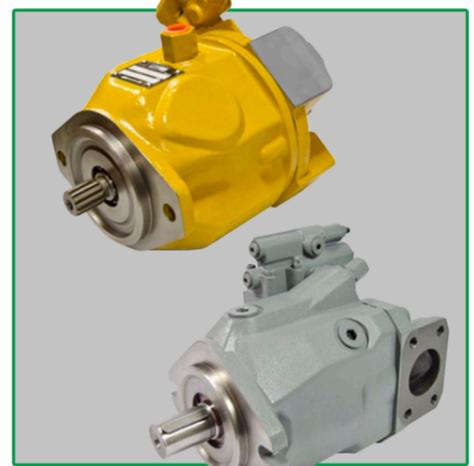

HYDRAULIC DC POWER PACK

For functions like Propel, Steer, Lift & nivellation of platform cages.

ELECTRO HYDRAULIC STEERING

For main steering and rear axle steering in commercial vehicles.

MA10V0/VS0 AXIAL PISTON PUMPS

For hydraulic & lift applications in Forklifts, Mobile/container handling cranes.

DC MOTOR PUMP UNITS

For supplementary and auxiliary steering in oversized trailers.

F 12 & F 15 PUMPS

For boom lift/rotate in aerial platforms and cranes.

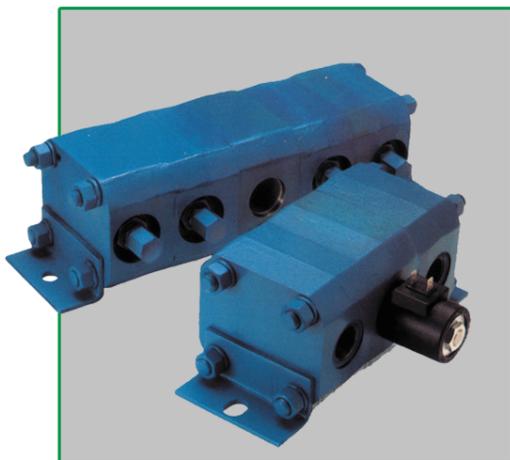

LOW SPEED HIGH TORQUE RADIAL PISTON HYDROMOTORS

For bucket-reclaimer application used in bulk material handling.

INDUSTRIAL & POWER

ROTARY GEAR FLOWDIVIDERS

For synchronisation and combination in hydraulic systems.

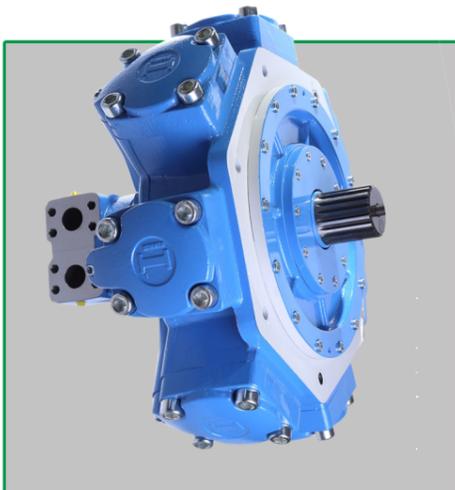

RADIAL PISTON FLOWDIVIDERS

For wagon tippler applications in thermal plants.

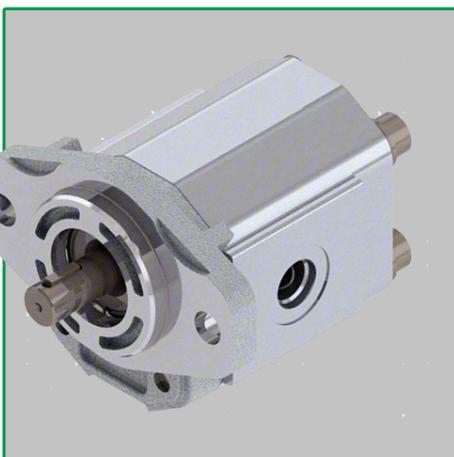

GPA INTERNAL GEAR PUMPS & HAWE RADIAL PISTON PUMPS

For rawmill and press shoe lubrication and machine tool application.

R8MD HYDROMOTOR HEAVY DUTY HIGH TORQUE RADIAL PISTON

For screw applications in injection moulding machines.

SPECIAL CAST IRON EXECUTION W900 SERIES PUMP

For pitch control in windmill blades, Special execution enables handling peak pressure.

GC SERIES GEAR HYDROMOTORS

For regulating blade/fan in road sweeping machines.

NEW HORIZONS

We at Avid are committed to introduce newer products & also offer to more sophisticated applications. Airport handling & defence are the two major areas we have focused over the last couple of years. Piston hydromotors cater to various winch applications on fishing as well as naval vessels. Now we also cater to products aimed at increasing fuel economy, reducing emissions and contributing to a better environment.

Avid Impex Private Limited

Here's to 25 glorious years of building long term relationships with our customers by sincere approach, good business ethics & consistent performance.
